

*Vous parlez une langue étrangère ?  
Effectuez une mobilité d'une semaine dans  
l'un des établissements partenaires  
OsEAN.*

It is possible for the CEESO students to spend up to 7 days at any other school, attending courses and /or a teaching clinic.

There will be no extra charges for the foreign course but of course, costs for travel and accommodation will apply.

A language skill of the host school's language is obviously useful. As the curriculums of the European schools still differ widely, it is not possible to obtain any credits for courses attended at the foreign school.

The exchange stay is done in addition to the CEESO's courses.
